

COMPLETE PITOT-STATIC TESTING SOLUTIONS
ALL AIRCRAFT COMPATIBILITY

OEM MRO AIRLINE OPERATORS DEFENSE

ATEQ | COBRA SYSTEMS
Aviation Test Instruments
We test, You fly.

Since our inception in 2002, Cobra Systems - now part of ATEQ Aviation - has been dedicated to improving the designs of pitot/static test equipment. The result? We save you time and you gain efficiency. By using innovative technology and superior materials, ATEQ Aviation produces the highest quality tooling available, using ISO 9001 2015 standards and guidelines.

ATEQ & Cobra Aviation, Inc. products are used around the globe on commercial, military, business, corporate and general aviation aircraft. Our customers are private avionics shops, large OEMs, MROs, Airlines of all sizes and corporate flight departments - just to name a few segments. Airbus, Boeing Bombardier, FedEx - here in North America and overseas are a few of the companies with which we're proud to partner.

We provide a broad range of services including verification of any existing analog and digital test equipment. We can overhaul, repair, and bench test most adapters (including any manufacturer) for a fraction of replacement costs.

Cobra Systems, Inc. became a brand of ATEQ Aviation Division in 2018 adding a variety of testing equipment to compliment Cobra's adapter product lines.»
